

## C.L-B-001

### 加压双轴铜芯机

### Double axis shooting temple machine

#### 功能

风油压打比套、打铜针，15吨加大压力，比型立体饱满。

#### Functions

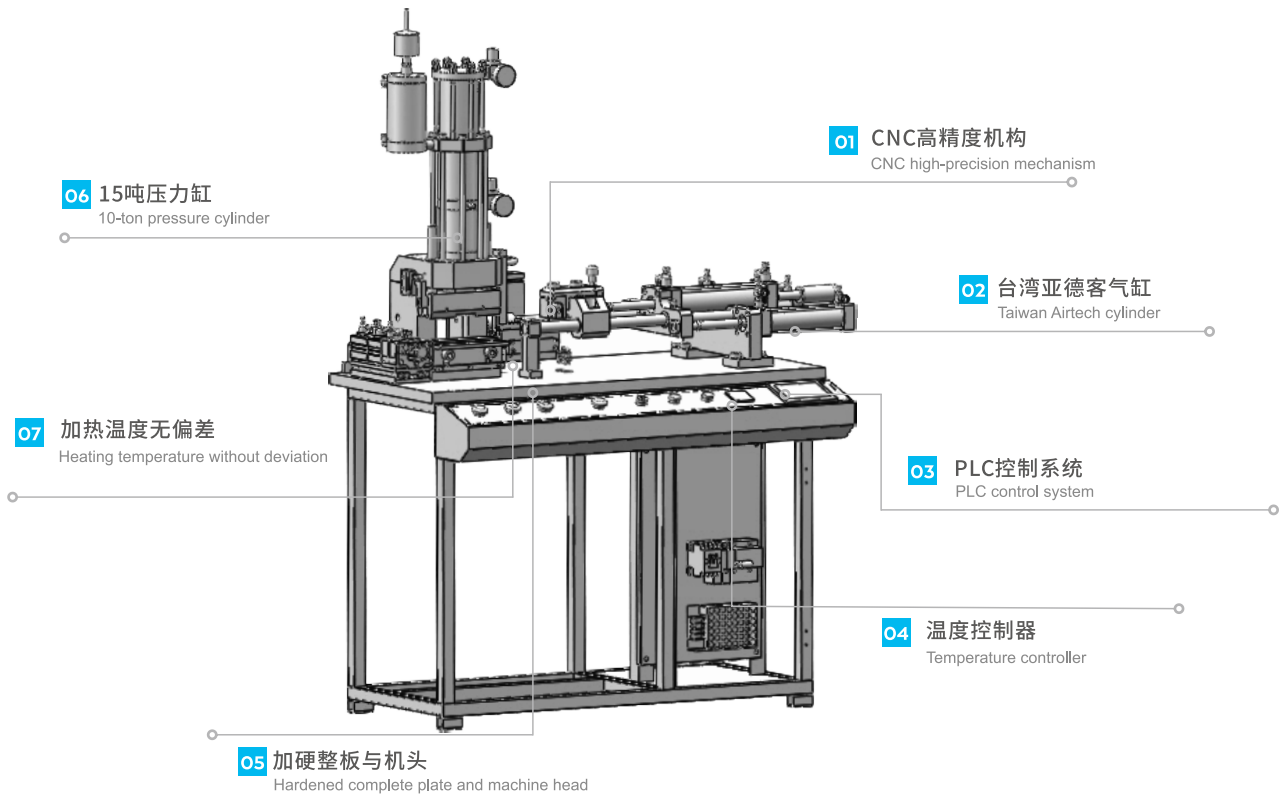

Air and wind pressure analog sleeve, copper operation pin, 15-ton pressure, three-dimensional and saturated analog model.

#### 优点

- PLC 控制
- 成熟可靠，操作简单
- 比原铜芯机温度控制更精准

#### Advantages

- PLC control
- Matured and developed, easy operation
- More precise than original copper machine core temperature control

**技术参数 / Technical Parameters**

性能指标项 Performance index	标准值 standard value	温度 Temperature	控制在1度偏差, 0-300可调 Controlled at 1-degree deviation, 0-300 adjustable, machine power, lathe dimensions
压力 Pressure	15吨 15 tons	工作电压 Working voltage	220V/50HZ
操作系统 Operating system	PLC系统 PLC system	机器功率 Machine power	3.5KW
床体重量 Bed body weight	300KG	机床尺寸 Machine dimension	1650*750*1600MM
